

Maximum speed and efficiency

Powerful motor to clip carpet pile quickly and effortlessly.

Electric clippers, normally used for shearing cattle and horses, are suitable for use in the carpet testing laboratory for shearing the pile from the carpet to determine pile weight and pile height.

The high speed clipper has two speeds, 2600 and 2900 double strokes per minute, selected by the three position On/Off switch.

The clipper is supplied with the 31/15 blade set. The two comb-shaped blades are the cutting tool. The lower blade is fixed and attached to the housing, while the top blade is agitated crossways. The clipping pressure between the blades can be adjusted.

Key Features

- ✓ *Light, ergonomic and extremely handy*
- ✓ *Soft feel barrel*
- ✓ *Quiet operation*
- ✓ *Powerful blades*

Motor Power: 240 Volts, 250 Watts
Speed: 2600 / 2900 dbs/min
Length: 301 mm; Weight: 1180 g
Noise Emission (LpAm): 68 dB (A)

Order Code: CSC:001
